'Santander's prompt action and exceptional service has allowed us to focus on securing our business and employees. CBILS facilities provide us with the crucial buffer we need and exactly what businesses need from their banking partner during these uncertain times'

Chris Booth,

Managing Director, Ducati Manchester

Like many UK businesses, Ducati Manchester have seen changes to the way they operate as a result of the coronavirus pandemic. To ensure they can operate normally, Santander has provided them a capital repayment holiday and a £200,000 CBILS overdraft.

"Ducati Manchester is a top-quality business with a bright future. The pandemic has constrained their ability to operate via their network of showrooms. We are delighted to be able to support them, with the provision of a Coronavirus Business Interruption Loan Scheme overdraft, and a capital repayment holiday on their existing facility. During this period of extreme uncertainty, we're working very hard to support our clients and implement flexible solutions, helping them to manage their cash flow requirements and stay in business."
